The purpose of this Local Commissioners Memorandum (LCM) is to inform social services districts of additional allocations of New York State Child Care Block Grant (NYSCCBG) subsidy program funds for the period April 1, 1999 through March 31, 2000. The source of these funds is the transfer of \$42 million of Temporary Assistance to Needy Families (TANF) funding to the NYSCCBG for additional subsidies and quality activities. The additional NYSCCBG subsidy allocation to districts included in this issuance is \$25,150,000.

The State Budget for State Fiscal Year 1999-2000 contained significant increases in funding for child day care subsidies. The Budget highlighted the importance of continuing to meet the needs of low income families, including responding to their needs for care during non-traditional hours and care for school-age children during summer school vacations. Child care subsidy funds under the NYSCCBG are specifically designed to provide districts the flexibility to meet these and other emerging needs of TANF and low income families.

In keeping with the intent of the 1999-2000 State Budget, the increased funding provided through this LCM and the earlier allocation of \$457,788,229 in NYSCCBG funds issued through 99 OCFS LCM-28, dated September 30, 1999, provide sufficient resources to address the impact of the recently promulgated market rates. The new rates are effective October 1, 1999. To further increase the capacity to meet the needs of TANF and low income families with non-traditional work hours, districts are permitted to establish differential payment rates higher than the applicable market rates. Further information about the new market rates is set forth in 00 OCFS ADM-1 issued January 28, 2000.

While NYSCCBG child care subsidies have always been available to meet the expanded child care needs of school-age children during school vacations, the 1999-2000 State Budget sought to highlight the importance of this need. Districts will soon be receiving additional information and technical assistance on the use of child care subsidy funds for summer programming for school-age children.

ALLOCATION INFORMATION

Attachment A indicates additional local district allocations for the April 1, 1999 to March 31, 2000 period totaling \$25,150,000. The factors considered in determining the allocations include the level of child care subsidy expenditures relative to the district's NYSCCBG allocation, the number of children in need of child care and the cost of child care.

Allocations are listed on Attachment A for two six month periods to allow for the reporting of Federal funds on a Federal fiscal year basis. The allocations cover the period April 1, 1999 to September 30, 1999, the last half of Federal fiscal year 1998-1999, and the period October 1, 1999 to March 31, 2000, the first half of Federal fiscal year 1999-2000. Any unspent NYSCCBG funds for the period October 1, 1998 to March 31, 1999 will be carried into and be available for the period ending September 30, 1999.

Each social services district may expend no more than five percent of its NYSCCBG allocation for administrative activities. Administrative activities do not include the costs of providing direct services such as eligibility determinations and re-determinations; preparation for and participation in judicial hearings; child care placement; the recruitment, licensing, inspection, review and supervision of child care placements; rate setting; resource and referral services; training; and the establishment and maintenance of computerized child care information systems.

Any portion of a district's NYSCCBG allocation for the period October 1, 1998 through September 30, 1999 that is not claimed by the district by March 31, 2000 will be available to the district through the end of Federal fiscal year 1999-2000, which is September 30, 2000. Claims for the period October 1, 1998 through September 30, 1999 cannot be rolled forward into the next Federal fiscal year.

REIMBURSEMENT

Claims for expenditures for child care services for families receiving public assistance will be reimbursed at 75 percent with NYSCCBG funds up to the district's NYSCCBG allocation. Claims for expenditures for child care services for all other eligible families will be reimbursed at 100 percent NYSCCBG funds, as long as the district's MOE is maintained, up to the district's NYSCCBG allocation.

MAINTENANCE OF EFFORT

Social services districts must maintain local spending for child care services at a level established by the Office of Children and Family Services in accordance with State statute. The MOE for each social services district was issued through 99 OCFS LCM-28.

ASSURANCES

All programmatic and fiscal requirements under NYSCCBG apply to this additional allocation. In order to access this additional allocation, districts must have complied with the requirement to submit a statement of assurances issued in 99 OCFS LCM-28 dated September 30, 1999.

SYSTEMS INFORMATION

Procedures for the authorization of payment for child care services under NYSCCBG in the Welfare Management System (WMS) are as follows:

For child care payments for eligible families applying for or receiving public assistance, districts can continue to use the DSS-3209 IM/WMS Authorization. Districts may, at their option, utilize the DSS-2970 WMS Services Authorization to authorize payment for child care for public assistance families. Service Type Suffix Code (Data Element #23021) value "S" designates child care services funded under the NYSCCBG for public assistance applicants/recipients and reimbursed at 75 percent Federal and State share up to the district's allocation ceiling.

For child care payments for all other eligible families (including transitional child care families), districts must authorize in WMS/Services by using Service Type Suffix Code value "R" on the DSS-2970 WMS Services Authorization which designates child care services funded under NYSCCBG for non-public assistance families and reimbursed at 100 percent Federal and State share up to the district's allocation ceiling.

In circumstances of an adult-only public assistance case in which the children are not included in the public assistance filing unit, child care payment is authorized as a public assistance family and reimbursed at 75 percent Federal and State share. For cases in which the children are in receipt of public assistance but the caretaker is not included in the public assistance filing unit, child care is authorized in WMS Services and reimbursed at 100 percent Federal and State share up to the district's allocation ceiling.

WMS Services continues to support monitoring the issuance and return of child care certificates. Instructions for the child care certificates can be found in 92 LCM-138 and in the BICS Operations Manual, page A-82, BICS Production Request 32, in the edition dated April 1, 1993. Information is also provided in the BICS Services Payment Processing Manual, II. Authorizations, E. Self Selected Day Care Certificates, pages II 25-27.
