This is to inform districts that the October 15, 1999 deadline for districts to submit a proposal for applying to implement a CAP program in their county has been extended until December 15, 1999.

Chapter 53 of the Laws of 1999 provides an additional \$1 million in funding for districts interested in implementing a CAP program in their county. Districts were first advised of the availability of these funds in 99 LCM-22. Districts interested in applying to implement a CAP program should refer to this LCM for more information about CAP and how to apply.

Assistance is available from the Division of Temporary Assistance to all local districts considering submitting a CAP proposal. To request assistance, please contact your regional team representative.
