SUBJECT: 42% Earned Income Disregard

EFFECTIVE DATE: Immediately

CONTACT PERSON: Bob Markham @ 1-800-343-8859, extension 4-2166

A problem has been identified for ABEL calculated PA budgets with an effective from date of 11/01/97 or greater. The 42% earned income disregard is being incorrectly calculated for the second occurrence of earned income when two individuals have earnings. If there is one earned income in the case, or the same individual has two earned incomes, the 42% is being calculated correctly.

We are in the process of correcting this and will notify you as soon as possible. In the interim, please refrain from calculating budgets with earned income for more than one individual. We apologize for any inconvenience.
